

# Home Repair Builders Challenge

## How it works

- For 6 weeks (3/2 - 4/17) groups of 2 - 4 sign up for one or more Home Repair volunteer shifts.
- Volunteer shifts are 7 hours each day Monday - Thursday and 3.5 hours on Friday.
- Must schedule at least one day in advance.
- Hours will be tracked and totaled per person (for ex. 4 volunteers on a Monday = 28 hours).

*Open to anyone who works in the homebuilding industry or someone volunteering on behalf of a company.*

## Participating groups will receive:

- Instruction from Home Repair Supervisors and all necessary tools provided.
- Volunteer t-shirts
- Online recognition
- *After 6 weeks, the group with the most amount of hours will get a trophy and lunch delivered to your office from our Home Repair team!*

## Learn more and schedule your group

Contact Volunteer Services Coordinator Cecily Schenimann at 828-407-4486 or [cschenimann@ashevillehabitat.org](mailto:cschenimann@ashevillehabitat.org).

*Members of the local homebuilding industry are coming together for a friendly challenge to make critical home repairs for our neighbors in need! Volunteer with Asheville Habitat's Home Repair team so some of our most vulnerable residents can live safely and with dignity in the home they own.*

Volunteers from Beach Hensley Homes after their Home Repair volunteer day in January.

## Through shelter, we empower.

Asheville Area Habitat's Home Repair program addresses the home repair needs of eligible, low income Buncombe County homeowners. Through the hard work of volunteers and generosity of donors, repairs are completed at an affordable cost to the homeowner. These critical repairs improve the homeowner's quality of life and empower them to remain living in their home and community.
