

Global Village

Saturday to Saturday schedule.

Habitat for Humanity®

Guatemala

Saturday

At the end of the exit, you'll find Café Baretto on the right-hand side as you exit, where the GV coordinator in charge will be.

We are heading to Antigua Guatemala, which is approximately a 1.5 to 2-hour drive depending on traffic.

Sunday

We have our social learning exchange activities, which is a chocolate tour.

We also explore Antigua Guatemala and learn more about the guatemalan culture.

If we work in Chimaltenango, we will remain in Antigua after lunch.

If we work in Sololá, Quetzaltenango, Chiquimula, or El Progreso, after lunch we will travel to our work region.

Monday

The group will receive a welcome orientation at the affiliate office in the region where we will be working.

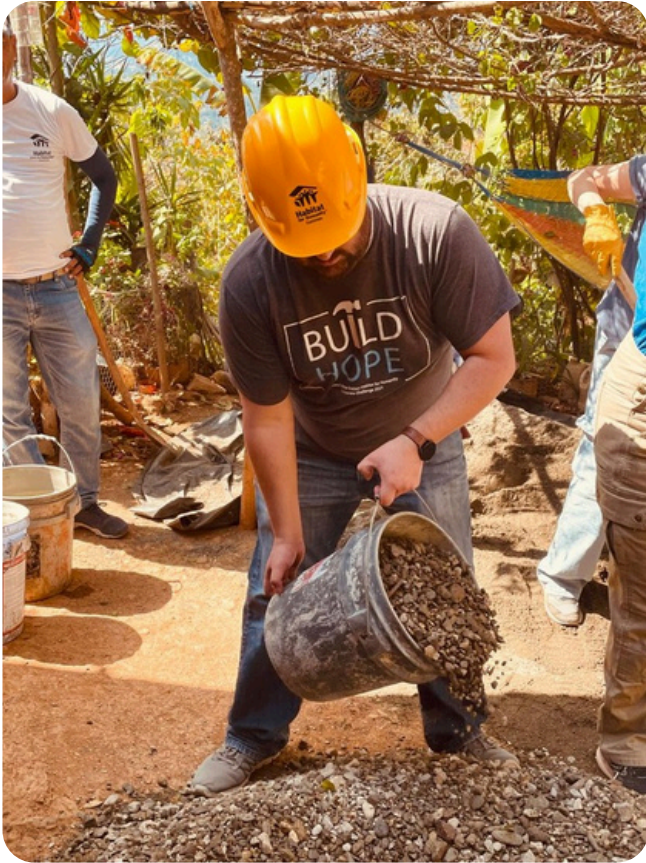

Afterwards, we travel to the community for our first day of concrete floor construction activity.

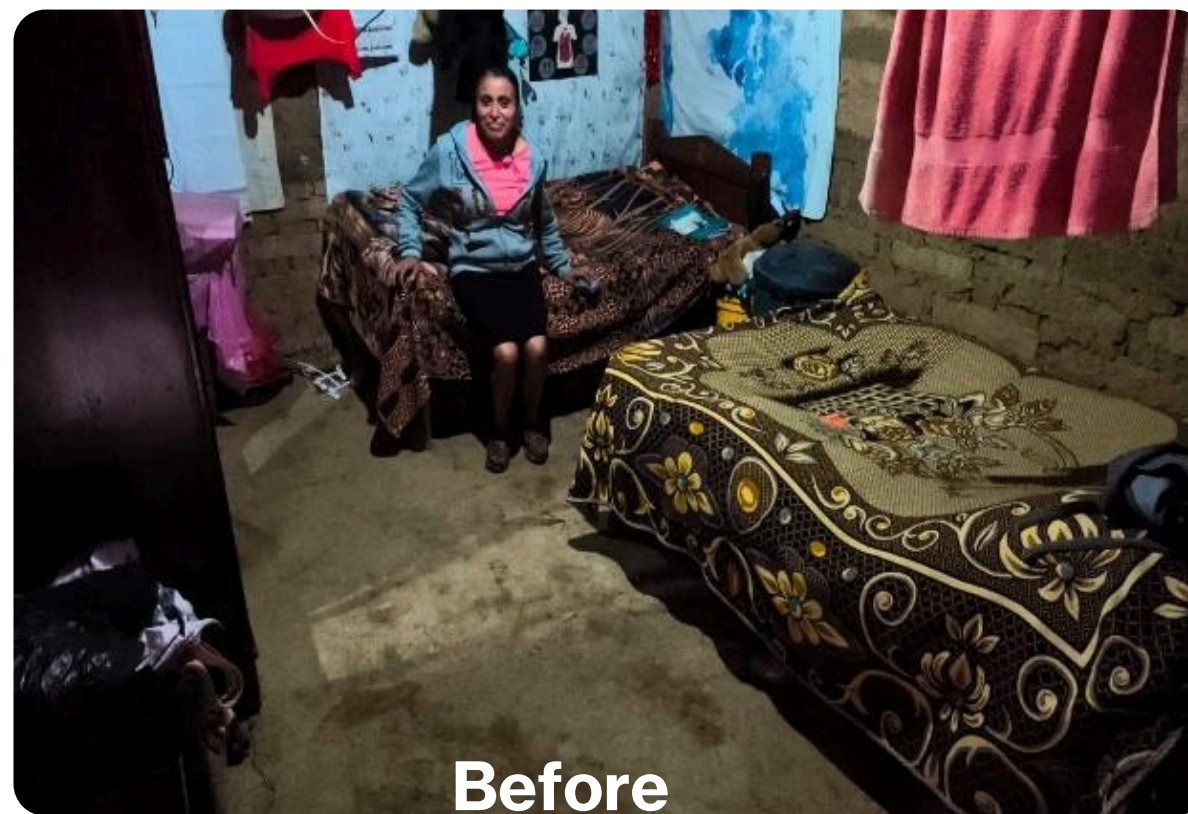

We will be mixing and applying concrete to help transform families' living spaces, covering an area of 20 square meters.

Tuesday and Wednesday

We are planning to work everyday with families through the “100,000 Floors to Play On” initiative, in which we build concrete floors. This is a physically demanding activity, so we take breaks throughout the day to rest, catch our breath, and regain energy.

Before

After

Sabina

Before

After

Delmi

Thursday

On this day, we work on **Healthy Home Kits**. Each group would participate in two activities per home: one team will work on the construction of smokeless stoves, while the other team help build latrines.

Friday in the morning

We visit project sites that we had worked in the past.

Friday in the afternoon

We close out our week with all the families we have worked in our stay.
Note: This is a very special treat for the families and the volunteers, where we get to say good bye's.

If we worked in Sololá, Quetzaltenango, Chiquimula, or El Progreso, we are returning to Guatemala City on Friday afternoon.

If we worked in Chimaltenango, we will remain in Antigua on Friday night.

Saturday

If we are staying in Guatemala City, we'll travel directly to the airport with one transfer.

If we are staying in Antigua Guatemala, we recommend departing early for the airport in Guatemala City.

Thank you!
