

Why Home Repair?

100% of your sponsorship
goes towards the Home Repair program.

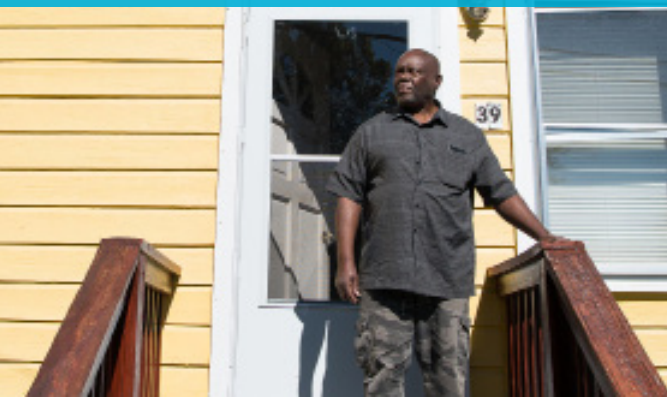

- When you designate your sponsorship to our Home Repair program, 100% of your gift directly helps low income and older adult residents maintain the integrity of their home.
- Whether fixing a leaky roof, installing a ramp, or replacing heating systems, we offer affordable repairs so homeowners can live safely and with dignity.

The community benefits from your generosity.

- Your gift preserves a neighbor's home and a neighborhood's character, affordability and diversity.
- Your gift empowers long-time residents to stay in their most affordable option, the home they already own, and avoid being priced out of their community.

"There was no insulation in the walls, so as soon as the heat was off it got cold. After Habitat's Home Repair put insulation in my walls, it was like a weight off of my back."

- Abdul Ahmad
Shiloh resident

mission

Seeking to put God's love into action, Habitat for Humanity brings people together to build homes, communities and hope.

vision

A world where everyone has a decent place to live.

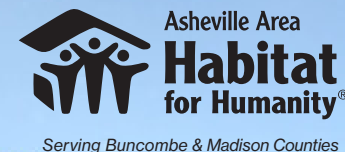

values

Collaboration
Opportunity
Dignity
